

# What Ever Happened to Fondue

By Big T and the Oaktones 6/13/2003 (Friday)

What ever happened to fondue  
Yummy little breads and fruits to chew  
The joy those tiny little forks would imbue  
But you could only stab one,,, never two  
What ever happened to fondue

Wine and cheeze,, mingling together like some sort of glue  
Always delectable relations would ensue  
Dip your **savory,, slice** ,,,,into  
Gooey cheezy party food,,,,,,, yet adieu  
What ever happened to fondue

Gone **away** like **macramé** from our field of view  
**Riding** the **rapids** to eternity in a bottom,, flamed,, canoe  
What ever happened to fondue  
What ever happened to the things I knew  
Nothing's comfortable anymore it's always, a debut

I try to renew  
I sway in the wind like bamboo  
I even **get** a tattoo  
and **yet** it's all just,, taboo  
What ever happened to fondue

Why is there so much that's untrue  
Why do the powerful only subdue  
The tide comes in,, beautiful hue,, of blue  
My soul goes out,, rejuvenation way over due  
What ever happened to fondue

Can someone give me an answer?  
Dose anyone know the fate of the warm cheeze?  
Could the pot be just a wedding gift?  
If **you** have an answer,, would **you** tell me Please?  
What ever happened to fondue?
